OFFICE OF THE PRESIDENT

BROWARD COMMUNITY COLLEGE

Dear Student:

Welcome to Broward Community College! We are most pleased that you have selected this fine College to help you reach your goals.

Broward Community College is a vigorous institution with a proven performance record over the past 28 years. The College offers programs for those students planning to transfer to upper-division institutions, for others who plan to pursue and continue careers in this area, and for those seeking personal enrichment or professional improvement. We have gained a national reputation as a leading urban, comprehensive community college serving the diverse higher education needs of Broward County.

Broward Community College is a teaching institution, and facilitating your individual learning is our most important concern. We encourage you to call on us to assist you in every possible way as you pursue your higher education objectives. Please make sure that you use the resources available to you as a student at BCC. We want to help assure your success.

On behalf of the entire College family, let me extend a most cordial welcome. Join us in making your College experience a pleasant and rewarding one.

I look forward to seeing you on campus.

Sincerely,

Willis Holcombe
President

WH/jhw

225 EAST LAS OLAS BOULEVARD - FORT LAUDERDALE, FLORIDA

Preface

The Student Handbook of Broward Community College is published each summer by the Student Life Office. Its purpose is to provide you with a reference for campus activities, student life, and college procedures.

It is noted that although the information contained is carefully collected it will not take the place of talking to someone. Faculty, administrators and college staff members have chosen this college as the place for their work, and meeting you is part of this experience.

In a large community college many students may come and go without meeting those who are a part of it. Make every effort you can to introduce yourself. Meet professors, deans, and academic advisors. You will be glad you did.

The information in the Student Handbook should be used in conjunction with the college catalog.

Academic Divisions

DIVISION OF MATH AND SCIENCE

The Division of Mathematics and Science offers the student an opportunity to study the mathematical and scientific concepts necessary for general education requirements, as well as further study in the areas of engineering, mathematics, science, and related fields.

Suggested program sheets are available in Biology, Chemistry, Engineering, Forestry, Geology, Optometry, Pharmacy, Medicine, Dentistry, Veterinary Medicine, Chiropractic, Astronomy, Mathematics, Physics, and Agriculture Science.

MATHEMATICS

The Mathematics Curriculum has course offerings covering a variety of needs. Course pre-requisites for physics, engineering and business are included. Entering students will be assigned to the mathematics course best suited to their needs and abilities based on results from placement test scores. MAT 0002 and MAT 0024 are basic studies courses designed to correct deficiency in the student's mathematics background. Neither MAT 0002 or MAT 0024 will count toward General Education Mathematics requirements of graduation for the fall only. Significant changes in the mathematics curriculum are anticipated for Term II. Please check with an advisor. MAT 1033 and MGF 1202 are the recommended courses for students needing only six semester hours of mathematics. For students majoring in mathematics, science, and for other students needing two or more semesters of mathematics, the following sequence of courses is available: MAT 1033, MAC 1132, MAC 1133, MAC 2311, (MAC 2301, 2302) MAC 2312 (MAC 2303, 2304), MAP 2302, MAS 2103. MAS 2103 may be taken following MAC 1132. MTB 1320, MTB 1321 and MTB 1322 are designed to meet the needs of students in technical and specialized programs. STA 2013 may be used to satisfy three of the six semester hours of the required mathematics provided that MGF 1202 is excluded from the six hours. AA-degree seeking students are encouraged to take the BCC-College Level Academic Skills Test (BCC-CLAST) in Mathematics prior to his/her term of graduation. The BCC-CLAST in Mathematics is available in the Learning Resource Center on each campus.

BIOLOGICAL AND PHYSICAL SCIENCES

The Biology Department offers courses in Biology, Anatomy and Physiology, Microbiology, Botany, and Zoology and their attendant laboratories. In the Physical Sciences Department, courses in Astronomy, Chemistry, Geology, Physics, and Physical Science some with accompanying laboratories, are offered. Some lecture and laboratory courses are co-requisites. The student should consult the catalog in order that he may be aware of this and enroll correctly.

The course offerings cover a variety of needs including courses for science majors as well as students in related fields. In addition, courses are provided to meet the general education requirements for non-science majors and the specialized needs of technical students. Many of the science courses are sequential. Students beginning sequence courses such as APB 1190-1191, CHM 1040-1041-1042, CHM 1045-1046, CHM 2210-2211, PHY 2048-2049, and PHY 2053-2054, should plan to complete the sequence in this college to avoid transfer problems.

COMMUNICATIONS

Communication is . . .

- taking a photograph
- using sign language for the deaf
- speaking French
- writing a love letter
- giving a speech before the City Commission
- talking out a problem with someone who needs help
- writing a formal research paper
- sending a letter to the editor
- doing a feature article for the Observer,
- teaching someone to speak English
- reading a chapter in psychology
- writing a poem or short story

The Communications Division at Broward Community College has courses and programs to help you enhance any or all of the above skills. A staff of instructors, each an expert in his or her field, is available to work with you in class and individually.

For more detailed and specific information on courses, credits, graduation requirements, possible major fields

of study within the communications area, you should consult the college catalog, the Counseling Office, a department head, a particular instructor or a publications advisor.

So, if your goal is to improve your skills in reading, writing, speaking, and listening, or in a foreign language, the Communications Division is the place to do it. Good Luck!

HEALTH, PHYSICAL EDUCATION, RECREATION, AND DANCE

"The Department of Health, Physical Education, Recreation and Dance is committed to the wellness and the development of the health conscienceness of students." Special emphasis is placed on wellness and fitness in a series of courses entitled Health-Fitness, Weight Training, Swim Fitness, Walk, Run, Jog, Aerobics, and Slimnastics. Students are required to enroll in at least one of the wellness series courses in order to develop a fit lifestyle. The theme of wellness and fitness continues throughout the remaining HRPD activities in which students can continue to participate for a lifetime. To enhance the health consciousness of students, a lecture course on Personal Health can be taken for elective credit.

All activity courses are 1 hour credit except Health Fitness, Weight Training, and Swim Fitness; Walk, Run, Jog, Aerobics and Slimnastics which are 2 credit hours. Non-swimmers are encouraged to enroll in a beginning swimming course.

All A.S. degree programs require two credit hours of HRPD activity classes and all A.A. degree programs require 4 credit hours of HRPD activity classes. No exemptions shall be permitted from A.S. or A.A. degree HRPD requirements because of age, veterans status or medical reasons. (Note: Students with medical restrictions of physical limitations may, with a physician's approval participate in any HRPD class specifically designated for the medically restricted with permission of the HRPD Department Chair. Students with total activity restriction may enroll in designated HRPD lecture classes with medical verification which is approved by the HRPD Department Chair).

The following Health, Physical Education, Recreation and Dance are 3 credit lecture courses and can be taken for elective credit but do not satisfy the required credit hours of activity: DAA1376, DAA2840, DAA2841, DAA2842, HES1400, HES2000, LEI1000, LEI1310, LEI1700, LEI1800, PEO1002, PEO1341, PEO2321, PEP2201, PEQ1101,

PEO1003, PEG2115, PEQ2231, PET1000.

Students cannot receive credit for a beginning course after they have gained credit in the intermediate sequence of a particular sport. For example, a student cannot get credit for Beginning Tennis after taking Intermediate Tennis. Nor can a student take a beginning and an intermediate sequence of the same sport concurrently.

Apparel that meets the approval of the Physical Education Department must be worn by the student.

Students should be aware that participation in physical activity carries a degree of risk. Therefore, students are expected to follow instructions and safety precautions given by the HRPD instructor. Also, students must inform the instructor of any existing medical problems. (Note: The college does not carry insurance to cover accidents which occur during college classes).

HUMANITIES

The Division of Humanities offers students an opportunity to investigate and acquaint themselves with the visual arts, theatre arts, music performance and music education, philosophy, and religion. Students may select courses which increase their understanding and appreciation for the arts as part of their general cultural knowledge and heritage, or they may follow a program of study in one area leading to a major at a senior institution. Performing activities are available to students in THEATRE, CHORUS, OPERA, BAND, ORCHESTRA and JAZZ.

ENGINEERING TECHNOLOGY

The Engineering Technology Institute offers A.S. degree programs in a variety of disciplines. Engineering technicians are educated in the theory and application of engineering principles. They are employed in a wide variety of areas from research to production. The A.S. degree is transferrable to universities offering degrees in Engineering Technology.

ARCHITECTURAL TECHNOLOGY

Architectural Technology provides the basic concepts and practices employed in the architectural field. Specific problem-solving situations qualify the students for architectural drafting, specifications writing, pictorial and model presentation.

CONTRACTING AND CIVIL ENGINEERING TECHNOLOGY

Contracting and Civil Engineering Technology prepares students for employment as a technician or surveyor. The course emphasizes fundamentals and techniques of construction of buildings, highways, bridges and utilities.

DATA PROCESSING TECHNOLOGY

Data Processing Technology provides a succession of courses designed for the understanding of concepts, principles, and techniques, involved in the electronic processing of data. The students can direct their education towards programming, management, or supplement a business education degree.

PEST MANAGEMENT CAREERS

Super roaches, terrible termites, formidable fleas: all the insect horrors of our subtropical climate become grist for the income mill of the certified pest control operator and educated technician. Careers open daily in this high-tech service field in areas of structural pest control, landscape and ornamental plant pest management, and aquatic vegetation control. Our courses lead to licensing in all of the above and include business management techniques as well. A future in pest management combines the altruistic, human aspects of meeting and helping people with the factual world of applying modern chemical knowledge in harmony with an increasingly fragile environment. Please contact Doug Palmer at 475-6706 for registration information.

CAREERS IN HORTICULTURE

Our graduates are taught basic concepts and practical information with an "In class tonight, on the job tomorrow" philosophy. We combine theory, textbook principals, and sound business technique with instructors experienced in the field to offer you an unmatched educational background in this exciting and lucrative career.

Courses include native and exotic plants, tropical fruits, landscaping, trouble-shooting horticultural problems, and state-of-the art nursery structures and equipment. Prepare yourself for A PROFESSION YOU'LL ENJOY in landscape design, landscape installation, nursery production, sales, landscape and turfgrass management or a backyard specialty nursery.

And we don't stop with graduation! A constant stream of courses are offered for your continued development in this intriguing vocation. Please call one of us for registration information: Sydney Williams, Doug Palmer, or David McLean at 475-6706.

LANDSCAPE TECHNOLOGY

Our graduates are provided with the basic concepts and practical information necessary to succeed in either landscape design and installation or nursery production. In addition to fundamental instruction, pertinent business management techniques are taught which enable our students to enter the horticulture professions with beginning managerial capacities. Accompanying courses in exotic and native plants, tropical fruits and weed control are available as electives and can be coupled with other courses for a background in landscape management or golf course management. Please contact the Landscape Technology Department for counseling towards an exciting and profitable career in horticulture.

ELECTRONIC TECHNOLOGY

Graduates of the A.S. degree program will have extensive knowledge of electronics including microprocessors, microprocessor applications, linear integrated circuits and techniques, and electronic communications.

CRIMINAL JUSTICE INSTITUTE

The Criminal Justice Institute offers academic education in the Associates in Art, Associates in Science degrees and one year Certificates. These programs are available to pre-service and in-service students in the area of Criminal Justice, Corrections, Law Enforcement, and Crime Scene Technology.

The Institute is certified by the Florida Criminal Justice Standards and Training Commission as a Training Center for both Police and Corrections entry and advanced programs.

The Criminal Justice Institute, in cooperation with all Criminal Justice agencies in Broward County, strives to meet their needs through the above programs and through the presentation of workshops and seminars presented by local, state and national experts who are qualified in specific areas.

The Institute operates with the combined support of the College, the Broward School Board, the Chiefs of

Police Association, Region XIII of the Law Enforcement Training Trust Fund, and the Criminal Justice Standards and Training Commission.

FOREIGN STUDY PROGRAM

Broward Community College provides students with several opportunities to enroll in overseas academic program. It is recognized that students will benefit from the added dimension to their education by participating in a foreign study experience. BCC has conducted study programs in foreign locations since 1974. Students participating in these programs receive transferable college credit. Both short-term (summer) and long-term (semester) programs are offered. Examples of study-aboard programs offered at BCC include:

SEMESTER-IN-SPAIN PROGRAM: The BCC Center in Spain was established in 1979 to provide students with an opportunity to study for several months in a foreign country at reasonable cost. Students live and attend classes in the beautiful city of Seville, Spain, and earn 15-18 semester hours credit by participating in the program. Unlike other programs in Spain, the Broward program does not require proficiency in Spanish - any student may participate as the language of instruction is English. Students participating in the Spain Program may choose from several housing options including Spanish families, dormitories, and pensions. The approximate per student cost is \$2800 per semester, including air fare.

COLLEGE CONSORTIUM FOR INTERNATIONAL EDUCATION (CCIS): Broward Community College is an active member of the College Consortium for International Studies, a national organization founded for the purpose of providing high quality international-intercultural programs aboard. As a result of this membership in CCIS, Broward offers semester-length academic programs in over a dozen countries including England, France, Germany, Italy, and Israel. Students earn BCC credits when they enroll in any of these programs.

SUMMER FOREIGN-STUDY PROGRAM: Broward Community College also conducts several short-term overseas academic programs in foreign locations during the summer terms. These courses, which are open to any interested person in the community as well as currently enrolled students, provide an excellent opportunity to combine the foreign travel experience with academic instruction. By taking advantage of group rates and favorable arrangements with area travel agents, the

College is able to offer these overseas academic programs at considerable savings. All foreign-study courses combine on-campus instructions with the foreign travel experience. Participants typically earn six semester hours of credit in a variety of subjects; many courses are fully accredited and may be applied toward a degree at BCC or used for other purposes such as certificate renewal and/or incentive awards for public school teachers. Approximately five different study-tours are offered each summer, with opportunities to study in Europe, the Middle East, Mexico, and The Orient.

Spain Program Coordinator	475-6637
Ms. Mimi Markus,	
Israel Program Coordinator	475-6757
Connie Cagley	
England Program Coordinator	963-8892

DIVISION OF SOCIAL SCIENCES

The Division of Social Sciences offers academic courses in three program areas: University Parallel, Certificate and Non-Credit. The objectives of the Division as reflected in the nine discipline areas are to acquaint the student with the various aspects of humans in relation to their culture, environmental behavioral patterns, heritage, and political institutions. The Division of Social Sciences also offers three special programs in the areas of Education: an A.S. Degree for Administrators for Teachers of Private Nursery School, and Associate in Science Degree programs in Secretarial Teacher Aide, and Teacher Aide.

CENTER FOR HEALTH SCIENCE EDUCATION

Broward Community College offers eleven health-related programs leading to an A.S. degree or certificate: Dental Assisting, Dietetic Technology, Emergency Medical Technology, Nursing Technology, Physical Therapist Assisting, Respiratory Therapy, Radiologic Technology, Radiation Therapy and Ultrasound. Admission to these programs is limited because of clinical facilities and staff.

Radiation Therapy and Ultrasound. Admission to these programs is limited because of clinical facilities and staff.

Upon completing general requirements for admission to the College, an applicant must submit the appropriate Health Science program application to the admissions clerk. The admissions clerk monitors the admissions procedures for all prospective Health Science students

Criteria used in selecting students vary from program to program but generally include high school diploma or equivalent, grade point average, reading and mathematics test scores, and physical records.

Applicants not accepted into a program may re-apply.

OPEN COLLEGE

If traveling to a campus presents a problem, Open College provides a solution. Open College provides college credit courses by directed study (most on television or audio-cassettes) so that students may remain at home while taking classes and travel to campus for examinations only a few times each term.

The variety of courses offered through Open College allows students to make significant progress toward the Associate in Arts degree from Broward Community College. During the academic year, students may choose from courses offered in social sciences, composition, humanities, sciences, business, and other areas!

Each Open College course carries regular college credit and each is equivalent to the courses offered on campus. The requirements for the courses include lectures on television or audiotapes in place of formal classroom sessions. Students in Open College courses and the faculty members in charge of those courses maintain contact with each other by mail and telephone, through discussion sessions and, of course, the examination sessions.

Information about the schedule of Open College courses may be found in the registration centers, in the Open College Catalog or in the Open College office in Building 1, Room 116, Central Campus or by calling 475-6603.

Students will find that participating in Open College courses can be a convenient and valuable educational experience.

General Information

SECURITY

"All students are required to have a parking decal which is available at the Security Offices in Building 07, first floor, Central Campus; Building 48 at the North Campus; and in Building 71 at the South Campus. There is no charge for decals.

Traffic rules include obeying all posted signs, as well as parking in designated areas. Students may not park in any reserved area. Parking on the grass is not permitted. Those students who utilize the Handicap parking must have either a State Handicap Tag, or a Temporary Handicap permit issued by the Security Department. Applications for special parking permits may be obtained from the Security Offices on Central and North Campus, and the Handicap Affairs Office on South Campus. These require the signature of a licensed Florida physician.

Traffic rules and regulations are enforced, and parking citations will be issued to those students violating them. Booklets may be obtained at the Security Office on each

campus. Fine rates are available in the Security Offices, and must be paid on time or late penalties will be assessed. If not paid by the end of the term, grades will be withheld.

PROGRAM FOR RETURNING STUDENTS

Workshops and classes are provided on all three campuses which serve to help women explore career and educational options through self-assessment, assertive training, career exploration, decision making, resume writing, job seeking and job seeking skills. The goal is to foster independence and the ability to make carefully thought out decisions. (Services include short courses, special programs, workshops, individual assessment and referral.) These activities are open to all students and community residents and include referral, support and programming. The Office of Women's Affairs in cooperation with Counseling and Community Services furnish a cooperative, supportive network for women who are "On Their Way" at Broward Community College.

Contact the program coordinator on your campus for current programming.

Central 475-6600
South 963-8815
North 973-2232

EXPERIENTIAL LEARNING

The Experiential Learning Program is designed to recognize the academic value of what you have learned through your experiences. This learning may result from such activities as language acquisition, work-experience, employment-related training programs and seminars, volunteer work, military service, etc.

If you believe that you have acquired competencies through non-college experiences which are equivalent to competencies taught through college courses, you are encouraged to apply for credit through the assessment of prior experiential learning at the Office of Cooperative Education.

ACADEMIC HONORS

The President's List includes the names of students carrying twelve (12) or more semester hours who have a grade point average of 4.0.

The Dean's List includes the names of students carrying twelve (12) or more semester hours who have a grade point average of 3.5 to 3.99.

HONORS AT GRADUATION

Completion of a minimum of 40 semester hours in Broward Community College is required to be eligible for Honors. The calculation of the grade point average for honors include Broward Community College records of all attempted work attempted.

Students who achieve a high level are accorded honors at graduation as follows:

With Honor - a grade point average of 3.250-3.499

With High Honor - a grade point average of 3.500-3.749

With Highest Honor - a grade point average of 3.750-4.000

Members of Phi Theta Kappa Scholastic Honorary Society wear gold stoles and tassels at graduation.

Graduates of the Honors Institute also are recognized at graduation.

COOPERATIVE EDUCATION

Cooperative Education (Co-op) is a nationally recognized academic program that combines on-campus study with related work experience.

HOW DOES CO-OP WORK AT BCC?

3 different Co-op plans are available at BCC.

1. COOPERATIVE EDUCATION WORK EXPERIENCE

You are placed in a paid full-time or part-time job directly related to your field of study

2. COOPERATIVE EDUCATION INTERNSHIP

You are placed in a part-time volunteer position directly related to your field of study. Particularly, helpful for Social Science, Health, Education and Communications majors.

3. COOPERATIVE EDUCATION FOR WORKING ADULTS

You use your current employment if it is related to your academic major. Job duties may be modified or enhanced in cooperation with your employer.

AUTOMOTIVE TECHNOLOGY

Automotive Technology provides advanced training in the servicing of state-of-the-art automotive products. Coursework includes technical and academic courses and cooperative education field experience.

Bookstore

Central, North, and South Campus Bookstores are the main sources for required books and supplies. New and used books, general college supplies, art and engineering supplies and many non-required items are available. Extra services include special orders for books, class rings, and the buying back of student's used books.

FINDING YOUR BOOKS

Textbooks are arranged on the shelves alphabetically by common course numbers. Labels that show "REQUIRED BOOK" indicate that all instructors use the same book for that particular course. Labels that show "ATTEND CLASS BEFORE BUYING THIS BOOK" indicate that you must attend class first - your instructor will tell you which books you will need.

BUY BACK POLICY

The Bookstores pay 50% of the new price for clean good textbooks. Overstocked books and old editions are sometimes bought at reduced prices depending on the possibility of re-sale. Workbooks and lab manuals are not bought back.

REFUND POLICY

Refunds are granted in full during the period beginning two weeks prior to first day of classes until two weeks thereafter. You must present a valid cash register receipt, fee card and two proper ID's.

LOCATION

Central Campus Bookstore is located in Bldg. 20.
North Campus Bookstore is located in Bldg. 48.
South Campus Bookstore is located in Bldg. 71.

HOURS

All the bookstores are normally open from 7:45 a.m. - 7:15 p.m., Mondays through Thursdays; Friday hours are from 7:45 a.m. to 3:30 p.m. **ALL BOOKSTORES ARE OPEN EXTRA HOURS DURING TERM OPENINGS.**

Student Affairs

Broward Community College welcomes you - and hopes that you will use your time, talents and efforts while here to produce a happier and more productive life. We, the Student Affairs, staff, faculty and administration will help you develop and achieve your goals. Student Affairs areas - all with unique services and functions - work together to provide the student with a total package of information, help and enjoyment. Use our services, our people, our resources on your way. Doors are open wherever you go; stop by for information, advice, help in making academic, personal, career decisions - and if the "going gets rough", a helping hand will always be available. Have a great year and future.

Leonard Bryant, Jr.,
Dean of Student Affairs - North Campus

Katherine P. Tymeson,
Dean of Student Affairs - Central Campus

Susan Malter, Dean of Student Affairs
South Campus

8:30 a.m. - 7:00 p.m. (Monday through Thursday)
8:30 a.m. - 4:30 p.m. (Friday)

Central - Bldg. 07, 2nd Floor
North - Bldg. 48, 2nd Floor
South-Bldg. 71, 1st Floor

COUNSELORS

Counselors are your support in resolving academic and personal problems and your resource as you explore and develop realistic life and career goals. Career interest tests and personality inventories are available as part of this process. Whether you have a problem, want information or just need to talk - the counselor is your friend - interested in you as an individual and a student.

CAREER RESOURCES

Books, directories, pamphlets, video tapes, and files describing hundreds of occupations and local employers are available to help you in your search for life and career information. Choices, a computer system, contains information on nearly 1200 occupations, programs of study in Florida institutions, nearly 2000 financial aid awards, and job openings state-wide listed with the Job Service of Florida. Inquire at the Career Center on any campus to use these resources.

JOB PLACEMENT

Assistance with job hunting is available through the Job Service of Florida Office located near the Career Center on each campus.

Professional placement counselors are available to provide skill assessments and information on related jobs chosen from the thousands of part and full time openings listed each year. Average wages offered are \$4 to \$7 per hour and every effort is made to place you in the field of your choice. Help is also available with resume writing and interviewing techniques.

This is a free service offered to all BCC Students and community members who are U.S. Citizens and to all non-citizens provided they have INS approval to work. See the Job Service Office on your campus for additional information:

North Campus Elinor Fitzpatrick
Central Campus Mary Repogle
South Campus Claire Nackoney

ACADEMIC ADVISORS

Academic Advisors will help you choose your courses based on your chosen academic program each semester and evaluate your progress as you proceed toward your career goals. If you plan to transfer to another college, advisors will help you make certain you have the necessary courses for the college of your choice.

ACADEMIC INTERVENTION

The Academic Intervention Department at Broward Community College identifies students who may not be performing at a minimum academic level as defined by the college and provides the necessary support services, i.e., tutoring, counseling, referrals and the like, to enhance their academic and personal success. This Department has a special component, the Mentor Program, geared toward the successful retention and graduation of Black Students.

For additional information regarding the Department and its services, contact the Director of Academic Intervention.

Student Financial Services

FINANCIAL AID

The Office of Student Financial Services provides needed funds and financial counseling to students who cannot afford to attend college without assistance. Information on Federal and State grants, loans, employment, and scholarships is available. Assistance in understanding and completing the necessary forms is provided. Applications for financial assistance must be submitted each year. Priority reconsideration is given to those applications filed before April 1. If you need financial help to attend or continue as a student at Broward Community College, please talk with a Financial Services Advisor.

VETERANS AFFAIRS

If you are a dependent of a veteran or a veteran, and feel that you might be eligible for educational benefits under

the current G.I. Bill, a veterans advisor will assist in establishing your eligibility and help you understand the Veterans Affairs regulations.

Contact North Campus at 973-2330; Central Campus at: 475-6552; South Campus at 963-8868.

DISABLED STUDENT SERVICES

This office provides services to help disabled individuals make adjustments to the college environment. There are three offices located on each of the three Broward Community College campuses. These offices have staff available to assist disabled students with the necessary accommodations to make the individual as independent as possible (e.g. counseling, career planning, interpreting, reading, tutoring, and educational equipment). Referral information about community agencies is also available upon request. Please call 475-6527.

Student Life

The Student Life Office, located in the Hospitality Center of each campus, provides students with a variety of extracurricular experiences. Office hours are 9:00 a.m. to 3:00 p.m., Monday through Friday and on South and North Campuses 6:00-9:00 p.m. Monday through Thursday. Services provided by the Student Life Office include Video Lending Library, Bulletin Boards, Bus Schedules, Lost and Found, TV Lounge, Game Room, recreation equipment checkout, applications for new clubs and organizations, and providing duplicate Student I.D. cards. In addition, information is available on all clubs and organizations as well as all Student Life Programs which include Entertainment, Leisure Activities, Special Events, Intramurals, Dances, Leadership Retreats, the Student Entertainment Committee and Student Government. Any and all of these programs and services are available to any student possessing a current Student I.D. card, which is located in the top right hand corner of your fee card.

STUDENT ENTERTAINMENT COMMITTEE

The Student Entertainment Committee is a student organization which provides the majority of entertainment for the students. Such entertainment includes music, novelty, special events, comedy, and concerts. All students can join providing they have a grade point average of 2.0 or better. The Committee is a representative of the student body, any creative input is always welcome. The Committee meets every Monday at 4:00 P.M., rotating between campuses. Anyone who is interested in the world of entertainment, from working with agents to performing as a stage hand, this organization will provide many lasting experiences. For further information, contact the Student Life Office on your campus.

VIDEO LENDING LIBRARY

The Student Life video lending library is available to all B.C.C. students with a valid I.D. A \$25.00 deposit per video will be required from all loanees and will be returned when the tape is returned, on time and rewound. All videos checked out during the week will be due back that week by Friday. Any video checked out on Friday will be due back the following Monday or next legal school day, in case of a holiday. Students at North and South Campuses must make their requests 2 days in advance at their Student Life Office.

STUDENT GOVERNMENT SOUTH CAMPUS

South Campus Student Government is the voice between the student body and administration. Student Government is constantly aiding in improving the Student Life on South Campus and promoting BCC. All Clubs and organizations are encouraged to bring representatives to the meetings since Student

Government is the voice of the Students. Meetings are every Wednesday at 12:30 P.M. For further information contact Charlie Lyle, President of S.G.S.C., in the Student Life Office - 963-8869.

STUDENT GOVERNMENT CENTRAL CAMPUS

The Student Government at Central Campus is a coalition of representatives of existing organizations and independent students that unite in the purpose of making B.C.C. a part of their lives. Interaction with the administration, students, and community is the main purpose of the Organization. All Clubs and interested students are welcome.

STUDENT GOVERNMENT - NORTH CAMPUS

Student Government listens to and represents the students of North Campus in changes on the campus and related activities which they feel need to be made in order to improve the North Campus of Broward Community College.

Opportunities are given to students to develop leadership and cultivate fellowship among students in junior college. Up to 6 credits may be earned through Co-op assignments.

All registered organizations of North Campus may send a representative to Student Government meetings. There will be an equal voting chair available for a student at large. The student at large must not be affiliated with a registered club or organization.

Regular meetings of Student Government take place on every other Friday of every month of the fall and spring semesters.

If you are interested in joining Student Government, please contact the Student Life Office 973-2346.

STUDENT DEVELOPMENT LEADERSHIP RETREATS

Weekend workshops available to all potential BCC student leaders. Students are active participants in sessions intended to explore and develop effective leadership methods of real-life value. Breaks are scheduled during the day for relaxation, watersports, and Tom Ryan's famous meals. You'll meet, live with and work with fellow students representing our diverse student body and appreciate them and yourself much more for the experience. A valuable weekend of personal development.

Retreats will be held on the following weekends: October 21-23, November 11-13, February 3-5, March 3-5.

DIRECT T.V.

"Direct T.V." is an half hour student produced magazine type variety television show which highlights BCC and the Broward County community. "Direct T.V." is a student activity which works exclusively with student talent from all of BCC's campuses. It is written, taped and edited by students. "Direct T.V." gives the BCC student the chance to work in a television studio as well as go out on assignment to cover a story. The student will be given the opportunity to learn how to operate video equipment and will begin to grasp many other skills which are necessary to work within the broadcast industry. Since "Direct T.V." is a student activity, the only membership requirement is that you are a registered BCC student. Any registered student may contact Sherrill Smith on Central Campus, Bldg. 17.

STUDENT PUBLICATIONS

Student Publications and the student press are a valuable aid in establishing and maintaining an atmosphere of free and responsible discussion and of intellectual exploration on the campus. They are a means of bringing student concerns to the attention of faculty and the institutional authorities and of formulating student opinion on various issues on the campus and the works at large. In addition, student publications serve as a training opportunity for students interested in professional journalism.

The editorial freedom of student editors and managers entails corollary responsibilities to be governed by the canons of responsible journalism, such as the avoidance of libel, indecency, undocumented allegations, attacks on personal integrity, and the techniques of harrasment and innuendo.

The College will insure free and responsible media and will not censor or approve copy in advance.

All College published and financed student media shall explicitly state the opinions expressed are not those of either the faculty or students of Broward Community College.

All media are expected to observe the standards of respective professions.

These statements are to be considered as supplementary to the established policies of the Board of Trustees as they relate to student publications.

IT'S MAGAZINE

"IT'S: The BCC Student Magazine" is the "other" publication produced by students of Broward Community College. The most recent in a long history of student magazines, IT'S is looking for writers, poets, artists, designers, and photographers to submit articles and art as well as to join the growing production staff. The magazine is seeking fiction, non-fiction, superior term papers, poetry, art, and photography.

Although based at South, the editorial staff wishes to expand to all campuses this year. Submissions can be sent to "IT'S" at South Campus Journalism. Interested staff or those with questions can contact the Editor or the Advisor, Mr. Christopher Reiss, at the South Campus Student Publications Office at 963-8877.

THE OBSERVER

Broward Community College encourages and supports a free and responsible student press. "The Observer", the college's bi-weekly newspaper, is a combined product of students from the journalism programs at North, Central and South campuses. Student reporters engage in responsible, objective practices of writing, while those interested in photo-journalism, design, graphics and advertising can apply their abilities in preparing camera-ready pages for print.

"The Observer" is a highly touted publication, having received All American ratings from a national critiquing service, in addition to numerous state awards since its inception in 1986. Most student editors receive scholarships or workshops to produce "The Observer", in addition to internships which are available to those who wish to work with the professional media in South Florida.

The editorial and advertising offices of "The Observer" are located at North campus. (47/202) with most of the typesetting and production performed at North; however, any BCC student from any campus may participate. For information, contact Jerry Elam, Faculty Advisor, at North (47/206), 973-2390.

BRAIN BOWL

The Brain Bowl is intercollegiate academic competition on the Community College level. Any student is welcome to try out for the team providing he/she has completed at least 6 semester hours at Broward Community College. Try outs are held in the fall. Contact Mary Jo Carl, Team Coach at 475-6613; for further information.

Intramurals

The Intramural Program is comprised of competitive leagues and tournaments. The sports available include Full Court Basketball, Softball, and Flag Football. Other events may be added during the year. The entire Intramural Program is open to both men and women and all students, faculty, staff and administration of the college. For further information, contact the Student Life Office on your campus.

The tentative schedule for these sports:

FULL COURT BASKETBALL:

North Campus:

Every Tuesday beginning the last week of September from 7-10 p.m., in the Omni, Bldg. 60.

CENTRAL:

Every Wednesday beginning the last week of September from 7-10 p.m. in the Gym, Bldg. 10.

SOUTH CAMPUS:

Due to the lack of facilities at the South Campus, students are urged to participate in the Central Campus league.

FLAG FOOTBALL:

Central:

Every Tuesday afternoon from 2-5 p.m. behind the Gym, Bldg. 10. Beginning the last week of September. All campuses are invited to participate.

SOFTBALL:

North and Central:

A Softball League will be organized during Term II. Games will be held on North and Central Campuses. South Campus is urged to participate at Central Campus.

Leisure Programs

The following activities are sponsored by Student Life of Broward Community College and are available to all students with a valid BCC I.D. card. There is no additional cost to the student for participation and these activities are provided by the Student Activities fees that are paid at the time of registration.

MINI-GOLF

Every Monday night there is free Mini-Golf at Super Putt on University Drive just north of State Road 84. This event begins on the second Monday of September and ends on the second Monday in June except for holidays and semester breaks. The hours for Mini-Golf are 7:30 to 9:30 p.m.

ICE SKATING

On the second Monday of every month, except December, June, July, and August, there is free ice skating at Sunrise Ice Skating Center on Pine Island Rd. Just South of Oakland Park Blvd. The hours for ice skating are 7:30 to 10 p.m.

COED VOLLEYBALL

Non Competitive coed volleyball will be held every Monday and Tuesday from 7 - 10 p.m. beginning the fourth week in September to the second week in December and beginning the fourth week in January and ending the fourth week in April. On Mondays the location is the North Campus Omni and on Tuesday the location is the Central Campus Gym.

ROLLERSKATING

Every Thursday beginning the first week of September and ending the second week of June, excluding holidays and semester breaks, there will be free rollerskating. The location is Coral Springs Rollerskating Center on University Drive and Royal Palm Blvd. from 7:30 - 10:30 p.m.

MIDNIGHT BOWLING

Every Friday night during October, November, February and March BCC students can bowl 2 free games during Midnight Bowl, shoes are included. The location for Midnight Bowling is Brunswick Lauderdale Lanes on 441 between Davie Blvd. and St. Rd. 84 and Brunswick Margate Lanes on 441. Sign up begins at 11:30 p.m.

TIGERTAIL LAKE

Every Saturday, except holidays and semester breaks, Tigertail Lake is open for sailing, canoeing, and wind surfing. The hours are from 12 Noon to 6 p.m. Students wishing to use a sailboat must have a Skippers Card, but all other boats are available for use by any student presenting a current student I.D. card. The Grand Opening for the 1988-89 Season at Tigertail Lake is August 28, 1988 at 1:00 p.m. There will be food, music, contest and prizes. Tigertail Lake is located at the intersection of Griffin and Ravenswood Rds.

BCC NIGHT AT SOUTH FLORIDA RACQUET CLUB

One Saturday night a month, from September to May excluding December, the South Florida Racquet Club opens its doors to BCC. All facilities are available for use by the students including racquetball, basketball, walleyball, nautilus, billiards, saunas, whirlpools, and lounge. Music and free pizza are provided in the lounge by the Student Entertainment Committee. The club is located on Ravenswood Road between Griffin and Stirling Roads. The hours the club is available are 7 - 12 p.m. Contact the Student Life Office on your campus for exact dates.

GOLF

On the third Sunday in October will be free 18 holes of golf including green fees and carts. Sign up begins at 9:30 with tee off beginning at 10:00 a.m. The course is Holiday Springs Country Club in Coral Springs on Sample Road.

DRIFTFISHING

Once a semester, on the second Sunday in September and on the third Sunday in April, the Dragon Drift Boat is available for use by the BCC Students. The boat sails at 8:00 a.m. and returns by 12 Noon. The boat is docked on Seabreeze Avenue just south of Las Olas Blvd. Bait, tackle, and soda are provided. \$10.00 deposit required. Sign up in Student Life.

ANTHROPOLOGY CLUB

This club provides a forum for discussion of issues relative to the study of man. Dr. Clapham, advisor, Anthropology Department, Building 01, Central Campus.

BCC SAILING CLUB

The BCC Sailing Club is a highly active club open to all BCC students and faculty who wish to pursue the exciting sport of sailing. The club's many diversified activities ensure a general interest for all to enjoy and learn. Most club activities promote amateur racing within the State of Florida and occasionally inputs to sailing development across the United States. Various club activities include sailing camp-outs at Elliot Key, Peace River Canoe Trips, cookouts at Tigertail Lake, and other school related activities. Special events open only to sailing club members are monthly sailing regattas sponsored by the Miami Yacht Club, the Sunshine Regatta (Jan.), Midwinter Regatta (March), and the famous Mt. Dora Regatta (April). This club encourages all students with an interest in sailing, or learning to sail, to join.

The club has informal meetings every Saturday when Tigertail Lake is open at 12:30, and formal planning meetings the first Saturday of each month. A club published newsletter is available monthly to keep all interested students informed of all club related activities.

For further information on joining this highly motivated club, contact:

Bill Metcalf - Club Sponsor/Coordinator
At Tigertail Lake: 989-2824

THE SOCIETY OF BROTHERHOOD ELITE

The Society of the Brotherhood Elite, formerly Black Student Union, was established in January of 1981, on South Campus and expanded to the North and Central Campuses in the winter of 1983. SBE is an organization geared towards promoting academically, enlightening politically and motivating socially the students at Broward Community College. The organization stresses involvement both on campuses and in the community. For further information, Please contact Ms. Sandra McCray, North Campus, 973-2250; Mr. Donald Cleveland, Central Campus, 475-6570; or Ms. Bonnie Finlayson, South Campus, 963-8884.

TS²

TECHNOLOGY AND SCIENCE SOCIETY

Membership is open to all students with an interest in science and technology. Contact Steve Davis at 963-8906.

INTERNATIONAL CLUB

The International Club is open to all students at Broward Community College whether native North Americans or from the over 90 nations represented on our campuses. Its main objective is to further international understanding and appreciation of diverse cultures. The club meets both formally and informally throughout the school year. Club members are also available to help each other with practicing languages such as English, French and Spanish. They enjoy beach parties and dinners at International Restaurants.

The international club consists of students from all over the world including Americans. Their goal is to share their unique international perspectives; do some community services; fundraising for an international issue or cause; establish relationships with American friendship hosts; share common concerns; provide a support or friendship group to those who are on their own; and to meet regularly on South at 1 p.m. on Wednesdays in Building 71 -Room 253, on Central on Wednesdays in Building 07, 2nd floor at 12:30 p.m. For meeting times at North Campus contact the Student Life Office 973-2326.

The students are primarily interested in friendship and social activities among international students and Americans. Therefore, it is simply designed for them to meet; exchange ideas and beliefs; learn about other cultures; and to have a good time, while also attending classes.

For more information contact the office of the club advisor - Richard Applebaum International Student Coordinator - 475-6757, Central Campus, or the Student Life Office on North or South Campuses.

KARATE

Contact Larry Wilson at Central Campus HPRD Office for further information, 475-6855.

TAE KWON DO

Korean self-defense. Open to beginners and advanced students. The club at central campus meets M-W-F; 1-2 p.m. Bldg. 10-209. Contact Vince Grosso Bldg. 06-237 for further information.

SUBSTANCE ABUSE COMMITTEE

The Membership of this organization is committed to increasing the awareness of their fellow students regarding alcohol and drug abuse. For information: contact Liz Atchison at 963-8881.

Service Clubs

SOS (STUDENT ORIENTATION STAFF)

The SOS is a group of students dedicated to helping you get off on the right foot starting college. SOS members can be contacted through the Student Life Office on each campus. These students will help you in drop and add, advise you about activities, or just someone to talk with. The No. 1 priority for SOS is to get everyone involved.

CIRCLE K

Service Organization affiliated with Kiwanis Organization. Contact Tom Ryan at 475-6755 for information.

STUDENT AMBASSADORS PROMOTE BCC PROGRAMS THROUGHOUT COMMUNITY

Broward Community College's Ambassadors and Speakers represent BCC at area high schools, civic and professional meetings, GED centers and locally sponsored career and college nights throughout the Broward County area.

They are eager to spread the word about academic and community enrichment programs at BCC.

Ambassadors range in age from 18 to 50, and the friendships and contacts they make will endure long after they graduate from BCC.

For further information about the program, contact your Dean of students.

Religious Clubs

THE HILLEL JEWISH STUDENT UNION

The Hillel Jewish Student Union strives to meet the social, cultural, religious and educational needs of the Jewish Student on BCC campuses. We have represented on each campus individuals who are a part of the JSU. The Hillel JSU office is on BCC Central Campus. Everyone is welcome! For further information, call Nancy Berlin, Hillel-JSU Director, at 652-5672.

CATHOLIC CAMPUS MINISTRIES

We have meetings to discuss questions you may have about the Catholic religion, and go to retreats, get involved in Outreach Programs and have plenty of fun !!!

If interested contact Mrs. Mathews in the English Dept. on North Campus.

Honorary Organizations

COMPETITIVE EDGE

Competitive Edge, The Presidential Leaders Society is comprised of the top student leaders from each campus. Members will participate in both learning and teaching experiences. Learning experiences include working directly with college administrators and the state legislature. Teaching experiences involve active participation in all of the college's leadership programs, developing future student leaders. Any one interested, contact Tom Ryan, 475-6755.

F-TROOP

F-Troop is the bottom line in BCC Student Life. It is composed of student "activists" in the truest sense of the word. F-Troopers can be found just about anywhere there is something to be done for the college and the community. The experiences one can attain in F-Troop are diversified, for if they haven't done it before, it's more of a challenge. Membership is open to any student who wants to learn, work hard and have fun. All you have to lose is your sanity. Contact Tom Ryan in the Student Life Office, Central Campus, 475-6755; Penny McLissac, North Campus, 973-2325; or Charlie Lyle, South Campus, 963-8869.

PHI THETA KAPPA

A TRADITION OF EXCELLENCE

The Privileges and Benefits of Membership:

Phi Theta Kappa was established by the president of the Missouri Junior Colleges for Women in 1918. It is the only nationally acclaimed honor fraternity serving American Institutions which offer Associate Degree programs. Two-year college presidents and administrators of Associate Degree Programs in four-year schools have continually recognized membership in Phi Theta Kappa as an honor and a privilege. Membership is given added significance by the fact that the fraternity is recognized by the American Association of Community and Junior Colleges as the official honor fraternity for two-year colleges.

To become a member of Phi Theta Kappa, one must achieve a cumulative grade point average of 3.3 after completing 12 credit hours of degree course work, pay lifetime membership dues of \$35.00 and earn 10 service points by participating in chapter activities.

Members receive a Membership Certificate suitable for framing, a *Manual for Members* introductory magazine, the *Golden Key* national publication (bi-annually), and the *Phi Theta Kappa National Newsletter* (quarterly). The privileges of membership include having the Phi Theta Kappa seal placed on diplomas; having "Phi Theta Kappa Member" indicated on transcripts; purchasing fraternity jewelry and merchandise; wearing the fraternity stole and tassel during commencement exercises.

Advisors: South, Barbara Nightingale - 963-8873; Central, Mary Jo Carl - 475-6613; North, Barbara Everetz - 973-2276.

Professional and Academic Groups

SPEAK EASY

SpeakEasy is a South Campus Drama and Performing Arts Club. All students interested in drama, speech and even music; Contact Bob Buford, 963-8925.

DECA (DISTRIBUTIVE EDUCATION CLUBS OF AMERICA)

DECA (DEX - Delta Epsilon Chi) is the Junior College Division of DECA. Their primary objective is career development. Comprised mostly of business, marketing and fashion students, all are welcome. It is the largest student organization in participation and travel. Central Campus contact Richard Goodwin and Jack Sheeks (Fashion: Laura Retz). North Campus contact Paul Ricker, Bldg. 56.

AMERICAN STUDENT CHAPTER AMERICAN INSTITUTE OF ARCHITECTS

This is the BCC Student Chapter, open to all interested students, not just Architecture majors. The chapter participates in many student architecture contests, sends delegates to the national AIA each year, and participates in community projects as well. The advisor is Mario Cartaya, please contact him in Building 13, Central Campus, for further information.

ETA PHI CHAPTER - ALPHA ETA RHO

International Aviation Fraternity open to men and women enrolled in any of the college aviation programs. Contact department head or the flight training coordinator.

HOTEL SALES MANAGEMENT ASSOCIATION (HSMA)

HSMA of BCC is the only student organization on campus that provides students majoring in the Hospitality field "Hands-on" catering experience. Members participate in actual catering functions which give them a realistic insight into the food service industry. For more information, contact Mr. John Bailey at 475-6892.

PHYSICAL THERAPIST'S ASSISTANTS CLUB

The Physical Therapist Assistant Club was established for the purpose of engaging in community services and expanding the PTA students basic knowledge by sponsoring several guest lecturers. Examples of past projects; involvement in Kiwanis-sponsored Houses for the Handicapped, securing speakers from the fields of Neonatology, muscular dystrophy and home health.

The PTA Club expects to continue to expand its community involvement in the future and to become active in fund raising projects which would enable the members to attend PTA sponsored seminars and conferences. For more information, call Sue Edelstein in Center for Health Science Education at 475-6770.

PHI BETA LAMBDA

Phi Beta Lambda is a non-profit, local, district, state and nationally affiliated organization for all post-secondary students participating in business education, programs such as: Accounting, Business Administration, Clerical, Data Processing, Secreterial and Marketing. Phi Beta Lambda provides learning situations which can improve knowledge, increase skills, and shape attitudes that will advance a student's business career.

Phi Beta Lambda provides members with the expertise needed to accomplish organizational goals through human resouces.

Phi Beta Lambda provides participation in civic projects, sales projects, social awareness projects, career development projects, and experiences related to business.

Phi Beta Lambda provides many activities which include speakers, seminars, competitive events, and election of officers.

DELTA PSI OMEGA

Theatrical Honor Organization. Contact the Theatre Department, Central Campus for further information.

Student Life 1988-89 Calendar

The BCC Student Identification Card is located in the upper right hand corner of the fee schedule that every student receives upon payment of fees. This card must be presented for participation in the activities outlined below. Due to budgetary restrictions the college will no longer allow guests to participate for free.

May 5 - Friday GRADUATION!!

Glossary

Definitions of Terms

A.A. - Associate in Arts Degree.

A.S. - Associate in Science Degree.

ACADEMIC ADVISEMENT - The process of advising students about classes that must be taken to fulfill degree and/or transfer requirements.

ACADEMIC SUSPENSION - Students who reach minus 20 quality points below a "C" average or does not complete 50% of the total hours attempted for any two consecutive terms must leave college for one major term. However, no student maintaining a 2.0 average will be suspended.

ADMISSIONS/REGISTRATION OFFICE - The admissions area processes the application for admission to the college and the registration area handles all registration procedures for class scheduling, drop and add, transcripts and students records. Upon completion of the admissions process a student must then complete the registration process.

ADVANCED PLACEMENT - Earning of college credits prior to enrollment at the College by passing certain examinations, as those by the College Entrance Examination Board.

AUDIT - Regular credit course taken for Non-credit.

BURSAR - The cashiers office where students pay all tuition, fees, and obligations.

CANCELLED CLASS - A class which is removed from the schedule because of insufficient enrollment or other reasons.

CLAST TEST - Exit level skills test that is required for a degree at BCC and also for transfer to an upper division program.

CLOSED CLASS - A class that has been filled to capacity or requires special permission to enter.

COLLEGE LEVEL - CLEP is credit by examination by the College Examination Program Entrance Examination Board tests in specified subjects, with such credit applicable toward a degree.

CO-REQUISITE - A course which must be taken concurrently with another course.

COUNSELING - A service offered through experienced counselors to assist you in decision making and problem solving both academically and personally.

CREDIT BY EXAMINATION - College credit in specified subjects granted by successful completion of national or local tests.

CREDIT HOUR - A semester hour of credit usually equal to the number of hours per week the class meets per term. There are a number of exceptions.

DISMISSAL - An academic status lasting twelve months which prohibits the student from attending classes. This status occurs when a student has returned from suspension and has failed to maintain an academic average of "C" or higher.

DROP AND ADD - The period of time at the beginning of the semester that permits a student to rearrange their schedule and add or drop classes without penalties.

DROP DATE - The last day that a class may be dropped to receive a W (withdrawal) on your transcript. After this date a student will receive an XF (withdrawal - failing).

GRADE POINT (GPA) - The decimal figure which results when the total number of semester hours attempted is divided by quality points earned. The range is 4.0 downward.

GRADUATION EVALUATION - Every student is required to have a graduation evaluation one term prior to graduation. A graduation evaluation is done by the counseling office to assure that all of the requirements have been fulfilled. Students are responsible for making the arrangements to have this evaluation done.

LEARNING RESOURCES - The department designed to aid in your studies. They provide such services as learning labs, media production, closed circuit television, audio - visual services and tutoring.

MAJOR - The academic program a student chooses to pursue based on their personal and career goals for the future. Students who are undecided about a major should consult either an academic advisement counselor or a career counselor for guidance.

PRE-REQUISITE - A course that must be satisfactorily completed before taking the next higher level in a related course.

QUALITY POINTS - The value obtained by multiplying the grade point by the number of semester hours.

SELF-ADVISEMENT - The process by which a student chooses what classes will be taken without seeking the help of an academic advisor. **Students choosing this option assume full responsibility for any errors.**

STUDENT I.D. - The "Fee Card", received after payment of fees is the most common form of identification.

T.B.A. - To Be Arranged.

TRANSCRIPT - Official record in Registrar's Office of all college courses taken by the student.

UNIVERSITY PARALLEL - Courses of study leading to Associate in Arts and advanced degrees requiring general education and, usually, certain preprofessional subjects.

WITHDRAWAL - Removal from a class and/or college via completion of proper forms in the Registrar's Office.

More General Information

LIBRARY

The college Libraries exist to collect printed material to help with assignments and to provide a quiet place for students to study. Students are welcome to make recommendations for the purchase of books.

The staff attempts to maintain an atmosphere of scholarly endeavor in the reading rooms and discourage talking of any nature. Where library space permits, the library provides a conference room for students needing to study together for class assignments such as speech assignments, accounting problems, group presentations and similar projects clearly related to class work.

Early, in each term, the library staff conducts an orientation in the use of the library. Times and dates of these presentations are posted and are announced in the English classes. The orientation is designed to show students where to look for basic information in books, newspapers, and magazines.

Students who wish to check material out of the library must present their library ID card which is issued in the library only upon presentation of the current Fee Receipt.

Magazines are not allowed outside of the reading rooms. The library restricts borrowers to no more than three books on any one subject. Books are checked out for a specific period of time and if no other student has placed a "hold" against them, they are renewable one time, either in person or by phone.

When books are returned late, an overdue charge of 10¢ per day is charged. If a student loses a book, he should notify the library at once so the fine can be stopped. Students must then pay for the loss based on the price of the book, fines and other costs. Failure to pay a fine results in grades, transcripts and graduation being withheld until the fine is cleared.

LIBRARY HOURS

Central Campus:

7:00 a.m. - 9:45 p.m., Monday through Thursday

(9:00 p.m., Term III)

7:00 a.m. - 5:00 p.m., Fridays

2:00 p.m. - 6:00 p.m., Most Sundays Term I and II

South Campus:

7:30 a.m. - 9:30 p.m., Monday through Thursday

7:30 a.m. - 4:00 p.m., Friday

9:00 a.m. - 5:00 p.m., Saturday

1:00 p.m. - 5:00 p.m., Sunday

The South Regional/BCC Library on the Judson A. Samuels - South Campus opened in October 1983 with a combined collection of over 100,000 volumes. Constructed cooperatively by the County library system and the College, this \$5,000,000 facility more than meets the needs of a growing area of the County and the newest and fastest growing campus in the College. Through the South Regional Library and the County library card, students have access to the materials of the entire County library system.

North Campus:

7:30 - a.m. - 9:30 p.m., Monday through Thursday

7:30 - a.m. - 4:00 p.m., Friday

MILITARY SCIENCE/ARMY ROTC

Army ROTC (Reserve Officers' Training Corps) is a program that provides college-trained officers for the U.S. Army National guard and the U.S. Army Reserve. It is open to any full-time student, male or female, attending Broward Community College who is between the ages of 18 and 26 years of age (up to age 28 years for veterans). ROTC enhances a student's education by providing leadership and management experience found in few other college courses. This training helps students develop self-discipline, physical stamina, and poise - qualities basic to success in any worth-while career. Students can earn a commission as a Second Lieutenant in the U.S. Army (Active, Reserve, or National Guard) while earning their college degree.

Subjects (1 credit hours each) cover the areas of management principles, national defense, military leadership development, military courtesy, discipline, and military skills. Uniforms and necessary military science textbooks and materials are furnished at no cost to students. Other activities, in conjunction with Military Science, offered at BCC Central Campus are ROTC Raiders (tailored after the U.S. Army Ranger Program); Rifle Marksmanship (given at Pistol range in Criminal Justice Building); and weekend training exercises.

For further information, call Major Miritello (Building 65, Room 250) at 475-6635 (Central) or 284-4673 (University of Miami).

GENERAL EXPECTATIONS

1. The student, upon admission, agrees to abide all College regulations contained in the College Catalog

Catalog and the Student Handbook as well as local, state and federal law. In addition, students are expected to exercise common sense, good taste (consistent with contemporary standards of the College Community), and applied reason in their quest for an education.

2. Students are expected to prefer fact to opinion and to commit themselves to genuine enlightenment rather than to inflexible adherence to limited knowledge.
3. Students are expected to respect the rights and welfare of other members of the College Community.
4. Broward Community College, like most institutions of higher learning, recognizes that a thoughtful and reasoned search for truth can be conducted only in an atmosphere free of intimidation and coercion. Consequently, violence, and threat of violence, disruption, intimidating or jeopardizing actions are unacceptable to the academic community. Students are expected to examine critically, analyze and otherwise evaluate the college, its programs, and policies and procedures utilizing the processes which appeal to reason and do not compromise the academic climate, mission or integrity of the institution.
5. Students are expected to assume full responsibility for their individual and collective actions and to participate seriously and purposefully in campus life.

ADMISSION TO BROWARD COMMUNITY COLLEGE

Broward Community College recognizes and practices the concept of freedom of access to higher education within the context of the normal admission requirements contained in the College Catalog. Prospective students are assured that applications for admission will be judged in a fair and impartial manner, using consistently applied established criteria.

STUDENT RECORDS

The nature of an educational institution requires that records be kept. However, students are assured that no record shall be made or retained unless there is a legitimate need for the information contained therein. The confidentiality of a student's academic

record will be protected and information will be released only to authorized members of the College Community. Of course a student shall have the right to inspect his own official transcript and to authorize the College to release information to extra-College sources.

Information of a counseling or non-academic nature shall not be made available to any extra-College person without written authorization from the student except in the case of applicable federal and state laws and court orders which compel the release of information or in cases that involve the safety of persons or property. Information of this type may be released to faculty and administration on a need-to-know basis in circumstances in which the student's development or welfare might be facilitated.

STUDENT ACADEMIC FREEDOM AND RESPONSIBILITY

Students are free to take reasoned exception to data and views offered in the classroom and to reserve judgement about matters of opinion, but they are responsible for learning the content of any course for which they are enrolled.

The student has a right to a course grade that represents the instructor's professional judgement of his performance in the course without personal prejudice and to protection against improper disclosure of information concerning his grades, beliefs, or character which an instructor acquires in the course of his professional association with the student. Judgements of ability and character may be provided under appropriate circumstances, normally with the consent of the student.

The student is responsible for classroom behavior which is conducive to the educational process and for achieving standards of performance established by the instructor.

The instructor has final authority in all matters relating to course content, grading practices, and classroom procedures, consistent with the philosophy, purposes, and established policies of the College. A course grade is the final responsibility of the instructor. In the matter of grading, it is, therefore, essential that each faculty member keep each student informed of his progress in a course.

If a student feels that he has been unfairly graded in a course, he may informally appeal to the instructor and then to the department head. If the complaint is not resolved, he may then appeal without prejudice to this position to the division chairperson, and to the Campus Dean of Academic Affairs. Final Appeal, in writing, may

be made to the Academic Standards Committee of the College.

POSSESSION OF FIREARMS, DRUGS, OR ALCOHOLIC BEVERAGES

Offenses involving theft, the use or possession of firearms, lethal weapons, drugs and alcoholic beverages are essentially civil matters which address themselves to the discretion of local, state, and federal authorities, but may subject the possessor or user to College discipline when such offenses and their effects adversely interfere with the well being of, or reflect on, the college or members of the College Community.

The College specifically prohibits, on campus, the possession, sale exchange, consumption or giving away of any beverage of alcoholic content; any stimulant, depressant, narcotic or hallucinogenic drug or agent having potential for physical or mental abuse, except on prescription by a physician or dentist. Florida law requires the automatic expulsion of a student who is adjudicated guilty of lawful possession of any narcotic drug, central nervous system stimulant, hallucinogenic drug, or barbituates.

The College also prohibits the possession or use of firearms, fireworks, or lethal weapons on campus. The possession or use of any such device may result in disciplinary action by the College. In no event, however, shall the individuals' status as a student protect him from his responsibilities to the applicable local, state or federal laws.

Students and faculty at this college have the right to an atmosphere free from any adverse effects of cigarette smoke. Therefore, the following areas are designated as non-smoking throughout the college: classrooms, restrooms, hallways not accessible to open air, elevators, libraries, laboratories, conference/seminar rooms, and all other areas so designated by signs posted by college authorities. Any person wishing to report a student or faculty member in violation of this policy may do so by making a report in writing to the Dean of Students of the campus on which the infraction occurred.

ACADEMIC INTEGRITY

Academic work submitted by a student to his instructor is assumed to be the result of his own thought, research, or self-expression. Further, when a student borrows ideas, wording, or organization from another source he is expected to acknowledge that fact in the appropriate manner. Plagiarism is unacceptable to the College Community.

STANDARDS OF CONDUCT

As a member of the College Community, a student is expected to act responsibly in all areas of personal and social conduct. In addition to the general expectations included elsewhere in this document, students are expected to observe the academic and behavioral regulations found in the College Catalog and this Handbook.

Violations of the standard of conduct contained herein will, in most cases, be treated as College disciplinary matters. However, in certain situations the application of civil and criminal law and/or the injunctive process will be employed in order to preserve the system of order and freedom necessary for the maintenance of an educational environment. Any individual or group action which results in or threatens denial of any of the following may result in the application of civil or criminal law or an injunction: Destruction or illegal occupation of College property; trespass; personal jeopardy to any member or guest of the College Community.

ALCOHOL USE, MARKETING AND PROMOTION

In view of the public opinion and legislative action involving alcohol abuse, the following policies are established regarding both the use of alcohol and the marketing practices associated with alcoholic beverages at BCC.

1. Beverage alcohol advertising on campus or in institutional media, including promotion of events as well as products, should not portray drinking as a solution to the personal or academic problems of students or as necessary to social, sexual, or academic success.
2. Informational marketing programs should include educational material regarding responsible and legal use of the product represented.
3. No sampling of alcoholic beverages during campus marketing programs is permitted.
4. Beverage alcohol is not to be provided for awards to individual students or student organizations.
5. Promotional activities should not be associated with existing campus events without the prior knowledge and consent of the Director of Student Life.
6. Local off-campus promotional activities, primarily directed at students, must be developed in consultation with the Director of Student Life.

7. Consumption or storage of alcoholic beverages on or in College property will not be permitted. This includes any College facility, boat, or vehicle.
8. Consumption of alcoholic beverages by students during a College sponsored trip is not permitted.
9. During the promotion of off-campus events where alcoholic beverages will be available, advertisement of the availability of alternative non-alcoholic beverages must be provided on all promotional materials.
10. During the College sponsored events at off-campus facilities where alcoholic beverages are available, the College does not support or promote alcohol consumption by students.
11. Student organizations, who on their own time in the name of the organization, sponsor off-campus events where alcoholic beverages are available, must also have alternative beverages available. The College is in no way responsible for these events.

ANTI-HAZING POLICY

Broward Community College prohibits any acts of hazing on or off campus by individual students, student groups; or organizations or any other individuals or groups associated with the College.

The College defines hazing in a manner consistent with Florida Law 81-263 as follows:

Any action or situation which recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization operating under the sanction of Broward Community College. Such term shall include, but not be limited to, any brutality of a physical nature, such as whipping, beating, branding, forced calisthenics, exposure to the elements, forced consumption of any food, liquor, drug, or other substance, or any other forced physical activity which could adversely affect the physical health or safety of the individual, and shall include any activity which would subject the individual to extreme mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct, or any other forced activity which would result in extreme embarrassment or which could adversely affect the mental health or dignity of the individual. Any activity as described above upon which the initiation or admission into or affiliation with a community college organization is directly or indirectly conditioned shall be presumed to be a "forced" activity, the willingness of an individual to participate in such activity notwithstanding.

The enforcement of this policy shall be the responsibility of the Vice President for Student Affairs who shall promulgate and distribute specific rules at least once each academic year in a manner consistent with College policy. Additionally, each student organization at Broward Community College shall adopt by-laws which specifically declare intent to adhere to this policy.

Individual's who violate this policy shall be subject to the disciplinary procedures and penalties outlined in Policy 6Hx2-5.06 and Procedure A6Hx2-5.06.

Organizations or other College groups who are accused of violating this policy shall be afforded a hearing before the Colleg Discipline Committee. In the event guilt is determined the committee may recommend monetary fines, suspension of campus privileges, suspension of all activities or expulsion of the organization from the institution.

SEXUAL HARASSMENT

The policy on sexual harassment defines such sexual harassment and the following procedures set forth the conduct personnel shall observe in preventing or in dealing with instances of sexual harassment:

Within the College, a supervisor, faculty member, or administrator, who uses implicit or explicit coercive sexual behavior to control, influence, or affect the career, salary, or job of an employee, or the grades, recommendations, or class work of a student is engaging in sexual harassment. Similarly, an employee of the College who acts in this manner in the process of conducting College business is engaging in sexual harassment. In addition any faculty member, staff, or administrator who participates in deliberate or repeated unsolicited verbal comments, gestures, or physical contact of sexual nature which are unwelcome and interfere with the work productivity of an employee or academic performance of a student is also engaging in sexual harassment.

It is not the intent of the college to regulate the social interactions or relationships freely entered into by employees that do not affect or interfere with an employee's job performance.

DISCIPLINARY PROCEDURES

The administration of student discipline is flexible and is essentially consistent with the philosophy and education objectives of Broward Community College.

In those cases not likely to result in a termination of the student's relationship with the College, the Vice President for Student Affairs shall have responsibility for

the administration of student discipline and may impose varying degrees of disciplinary probation. Disciplinary probation may include any of or all of the following sanctions:

Written reprimand, loss of certain campus privileges, including participation in inter-collegiate and intramural activities, student organizations, student government, entry on permanent record, compulsory class monetary fines, penalty work hours, and/or notification of parents if the student is under 18 years of age.

A student who is not satisfied with the imposed disciplinary probation may appeal within three school days, in writing, to the College Discipline Committee. In more serious cases, likely to result in suspension or expulsion of the student from the academic community, the discipline committee shall have primary authority.

In all cases the Vice President for Student Affairs shall decide whether a case is to be handled by the College Discipline Committee.

In cases in which a student's physical or emotional safety is jeopardized, or when the general safety of other members of the College Community or College property is threatened, or when the orderly progression of the lawful educational objectives of the College are jeopardized, the student may be removed from the campus community by the President or his designated representative pending a hearing.

In all cases, the right of the students and of Broward Community College shall be protected. The following procedures are designed to provide for this protection:

DUE PROCESS

1. The student shall be notified, in writing, that he is accused of a violation. Notice shall contain a detailed description of the charges, a list of witnesses, if any, and the date, time, and place of hearing. The hearing shall be held no earlier than 48 hours from the date of notice. In some cases the student may waive his right to a hearing and elect to accept the decision of the Vice President for Student Affairs. In such a case the student will sign a statement waiving both the hearing and his right to appeal the decision.
2. The student may continue to attend classes and College activities until the hearing is held and pending appeal at the discretion of the President.
3. The student is entitled to be present at the hearing and to have an advisor of his choice.

4. The student may ask questions of any College official or witness at the hearing and may introduce any evidence relevant to his case.
5. The College reserves the right to conduct the hearing in a formal or informal manner and may follow any procedure which incorporates fair play and the elements of due process.
6. The student may request a written report on the results and findings of the hearings. Such a report shall be issued within 48 hours.
7. The College will keep a record of the proceedings which will be made available to the student in the event of an appeal.
8. Any student who is suspended or expelled from Broward Community College by the Discipline Committee shall have the right to appeal said decision to the President. Any appeal must be made in writing and in all cases shall be filed no later than the fifth school day following the student's receipt of the Committee's decision. Within three days after receipt of an appeal, the president shall appoint a three member ad hoc Appeals Committee composed of interested faculty who shall inquire fully into the case and make a recommendation to the President. In some cases the ad hoc committee and/or the student may elect to proceed de novo, thus affording the student an opportunity to present his case in full for a second hearing. In all cases the elements of due process described above shall apply. The President's ad hoc Appeals Committee, after a full and complete review and investigation, shall make its recommendation to the President and he, in turn, will render a decision within three days.

Any student who is still dissatisfied may file an appeal, through the President, to the Board of Trustees. The decision of the Board of Trustees shall be final.

STUDENT ORGANIZATION AND CLUBS ON CAMPUS

Students enrolled at Broward Community College are free to join associations which promote their common interest so long as:

1. The policies, purposes, and principles of the organization are consistent with, and not inimical to, the general philosophies and principles of free institutions in a democratic society such as the United States.
2. Membership in the organization is open to all

bonafide students at the College without respect to race, creed, or national origin.

3. A statement of purpose, criteria for membership, rules or procedures, and a current list of officers is filed with the Director of Student Life.
4. The membership, policies, and actions of the organizations are determined by vote of only those persons who hold bona fide membership in the College Community.
5. A faculty advisor is selected whose name is filed with the Director of Student Life.
6. The organization is in compliance with the general and specific policies enumerated in this document and elsewhere in this Handbook.

The College will insure that students and student organizations remain free to examine and discuss all questions of interest to them and to express opinions publicly and privately.

Organizations are free to invite and hear any person of their own choosing provided: 1) They have funds in advance to defray expenses; 2) Reservations for facilities are made through appropriate channels; 3) The program is consistent with established policy as well as the thrust of this document.

Organizations are always free to support causes by orderly means (consistent with the guidelines contained in this document) which do not disrupt the regular and essential operation of Broward Community College. At the same time, it should be made clear to the academic and the larger community that in their public expressions or demonstrations, students, student organizations, and guest speakers represent their own views. Broward Community College neither sanctions nor endorses the expressions or viewpoints represented.

AIDS, AIDS RELATED COMPLEX (ARC) OR POSITIVE HTLV-III/LAV ANTIBODY

The College recognizes that AIDS and AIDS Related Complex (ARC) represent significant public health threats of increasing proportions. A dual program of education/prevention for all students and staff as well as counseling and other services for those affected with the disease represent appropriate responses as the institution seeks to be of assistance.

The President or his designated representative is authorized to develop and implement programs addressing these aspects of the AIDS disease.

Students or employees who have Acquired Immune

Deficiency Syndrome (AIDS) or a positive HTLV-III/LAV antibody are also a concern of the College. Response to each known case will be according to its own particular facts. Any student/employee with AIDS should notify the College of any changes in his/her medical condition which might pose any risk of potential transmission (e.g., open sores, bleeding, injury, and the like).

Any information concerning the affected person's medical condition will be handled as confidential information as established by the American College Health Association's Recommended Standards and Practices for a College Health Program, Fourth Edition, 1984:

"In general, it is recommended that no specific detailed information concerning complaints or diagnosis be provided to faculty, administrators, or even parents, without the expressed written per-

mission of the patient in each case. This position with respect to health records is supported by amendment to the Family Education Rights and Privacy Act of 1974."

Therefore, no person, group, agency, insurer, employer, or institution will be provided any medical or other information without prior specific written consent of the affected person.

On a case by case basis health science students employees will be evaluated to determine the risk of transmission. If necessary the student/employee may be required to adhere to policies related to "any" communicable disease.

The College will seek to work cooperatively with all appropriate community, health/mental health organizations and agencies as it provides programs responsive to this policy.

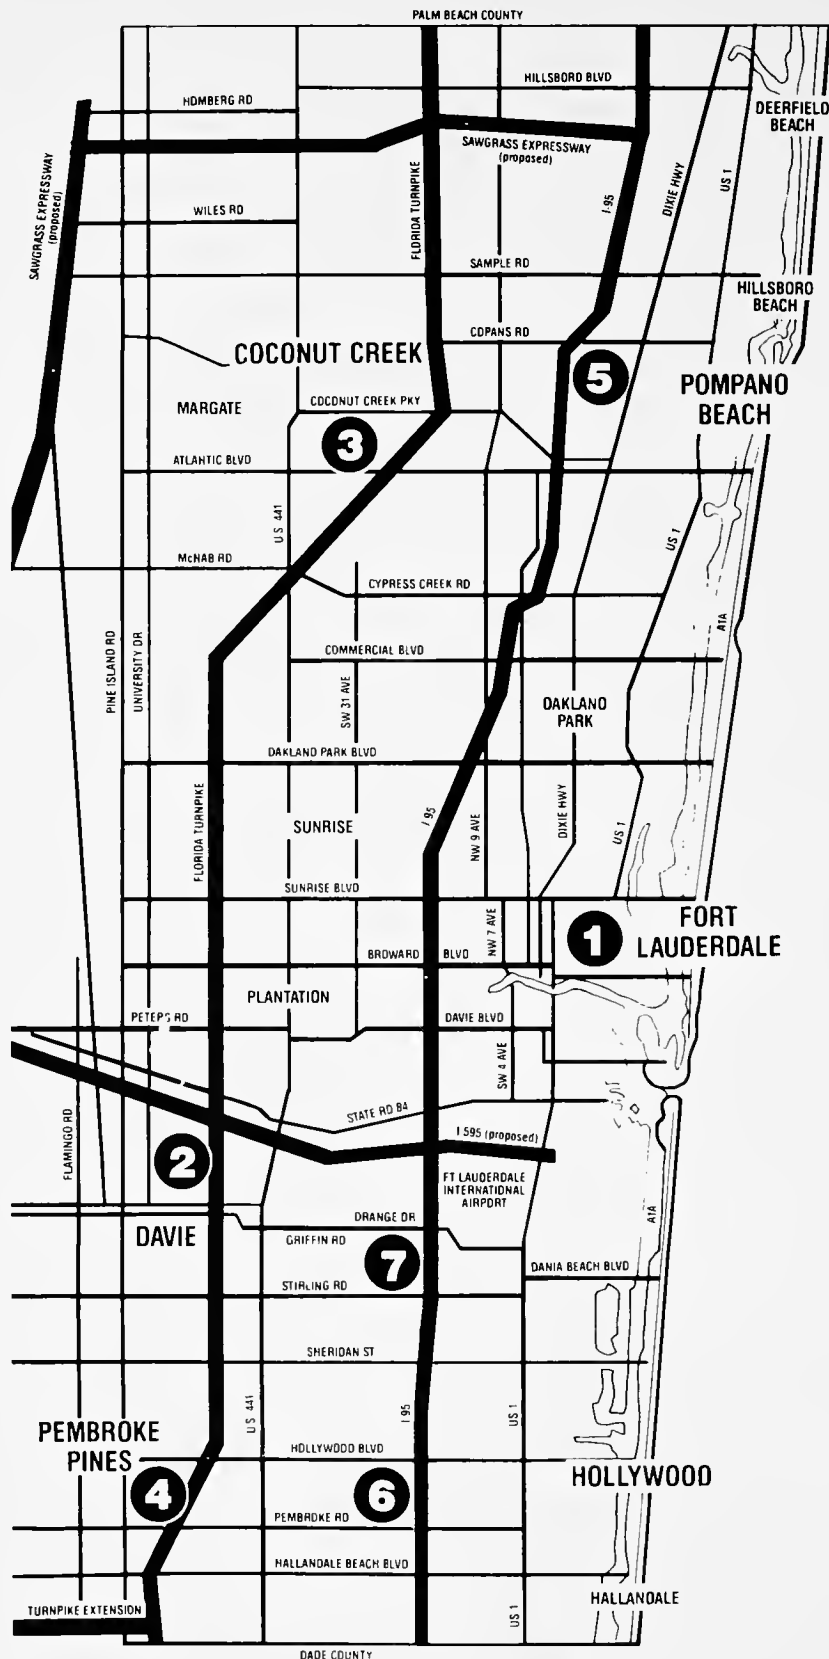

¹ Official designation of US Department of Health & Human Services (Human T-Cell Leukemia virus, Type III/Lymphadenopathy associated virus).
